Titlul documentului:	**CALENDARISTICO-THEMATIC PLAN OF COURSES AND PRACTICAL WORKS IN PHARMACOLOGY FOR STUDENTS OF II YEAR OF STOMATOLOGICAL FACULTY IN III SEMESTER OF 2022-2023 ACADEMIC YEAR**

„ A P R O V E ”
Head of the Departement of Pharmacology and Clinical Pharmacyy,
PhD., associate professor
_____ C. SCUTARI
“ 1” september 2022

Date, month	***The themes of courses***	***Nr.***	**The themes of practical work**
01-02.09	Introduction. General Pharmacology.	1	
05-09.09	Cholinergic agonists, anticolinesterases. Colinergic antagonists.	2	General prescription. Prescription of solid and semisolid drug forms (soft). Prescription of liquid forms.
12-16.09	Adrenergic agonists, adrenergic antagonists, sympatholytics.	3	General Pharmacology.
19-23.09	Hypnotics. Symptomatic anticonvulsants.	4	Cholinergic agonists, anticolinesterases. Colinergic antagonists.
26-30.09	Opioid and non-opioid analgesics.	5	Adrenergic agonists, adrenergic antagonists, sympatholytics.
03-07.10	Psychotrops (Antipsycotics. Anxiolitics. Sedatives).	6	Hypnotics. Symptomatic anticonvulsants. Opioid and non-opioid analgesics.
10-14.10	Antihypertensives. Antihipotensives.	7	Psychotrops (Antipsycotics. Anxiolitics. Sedatives).
17-21.10	Antianginals.	8	Antihypertensives. Antihipotensives. Antianginals.
24-28.10	Local anaesthetics, demulcents, astringents, adsorbents and drugs irritating the receptors. Haemostatics.	9	Local anaesthetics, demulcents, astringents, adsorbents and drugs irritating the receptors. Haemostatics.
31.10-04.11	Enzymes and antienzymes used as medicines. Pharmacology of vitamins, their use in stomatology. Drugs that contribute to the regeneration of oral mucosa.	10	**Summarizing the themes: 4-9**
07-11.11	Anti-inflammatory drugs. Antiallergic drugs.	11	Enzymes and antienzymes used as medicines. Pharmacology of vitamins, their use in stomatology. Drugs that contribute to the regeneration of oral mucosa.
14-18.11	Disinfectants and antiseptics.	12	Anti-inflammatory drugs. Antiallergic drugs.
21-25.11	Antimicrobial chemotherapeutic agents.	13	Disinfectants and antiseptics.
28.11-02.12	Antifungal drugs.	14	Antimicrobial chemotherapeutic agents.
05-09.12	Antiviral drugs.	15	Antifungal and antiviral drugs.
12-16.12	Medicinal therapy complications. First aid mea-sures in case of acute intoxication with drugs.	16	**Summarizing the themes: 11-15.**
19-23.12	Drugs used in states of emergency and of tomatological diseases.	17	**Practical skills**

Head of Study, PhD, associate professor ***ELENA BODRUG***
